

## Faculty Position in Astrophysics

Department of Physics

University of California, Davis

The Department of Physics at the University of California, Davis invites applications for a full-time tenure-track faculty position in astrophysics. Fields of interest span a wide spectrum of astrophysical topics (from planetary sciences to cosmology) and approaches (theory, observation, simulations). Applications will be considered for appointment at the level of Assistant Professor. This position represents the launch of a major initiative in astrophysics at UC Davis with the intent to broaden the focus of the current cosmology group, and offers an opportunity to become part of an exciting program in astrophysics and cosmology, with connections to planetary science. Multiple positions are anticipated over the next few years. The faculty at UC Davis has access to the telescopes at the Keck and Lick Observatories, and the University of California is a founding partner in the Thirty Meter Telescope. Candidates must possess a Ph.D. or equivalent in astronomy, astrophysics, physics, or a related area. The successful tenure-track candidate will be expected to demonstrate the potential to develop a world-class research program and excellence in teaching students at all levels, and to show a strong commitment to providing service to the department, university and professional communities.

The position will remain open until filled, but to be assured full consideration, submit application, CV, publication list, and statements of research plans and teaching interests by November 15, 2015. At least four letters of reference should also be uploaded to the application web site by the same date. Applications should be submitted online via the job listing **JPF00700** at <https://recruit.ucdavis.edu/apply/JPF00700>

Inquiries may be addressed to Astrophysics Search Committee Chair, Department of Physics, University of California, One Shields Ave, Davis, CA 95616, or by e-mail to [astrophysics.search@physics.ucdavis.edu](mailto:astrophysics.search@physics.ucdavis.edu). For further information about the department, please visit <http://www.physics.ucdavis.edu>.

*UC Davis is an affirmative action/equal employment opportunity employer and is dedicated to recruiting a diverse faculty community. We welcome all qualified applicants to apply, including women, minorities, individuals with disabilities, and veterans.*
